did you know?

The Conference Center....

- ...can seat 21,000 people.
- ...contains enough electrical wiring to go around the world two times!
- ...was built with enough concrete to pave a sidewalk from Salt Lake City to Denver, Colorado.
- ...has 13 elevators and 12 escalators.
- ...has 3000 tons of air conditioning equipment. (That could cool around 600 homes).
- ...had 1,100 employees working on the job site at one time to finish the Conference Center.
- ... chandeliers can be lowered by remote controls so that they can be cleaned and light bulbs can be replaced.
- ...has four levels of parking.
- ...has a roof that has a snow-melting system in place so that it never needs to be shoveled. Nice!
- ...is 40 times the size of the Tabernacle.
- ...has an amphitheater large enough to hold a jumbo jet.

Here are three things I am going to improve after listening to General Conference:

Who Am I?

BY AMIE JANE LEAVITT

The name of a special leader is found in the shaded boxes of the puzzle above.

To find out what it is, place a letter in each space to make a three-letter word.

To help you figure out each three-letter word, here are some clues.

(See answers on page 39.)

1. You can see an ____ when you go to the zoo.
2. A married woman's title.
3. In the Old Testament, his wife turned into a pillar of salt.
4. A ____ secretly watches other countries or people.
5. ____ Book of Mormon
6. We ____ with our eyes.
7. These three initials stand for "Choose the Right."
